

Restoration of America's Wire Act

- Removes sporting event or contest from the first prohibition
- Deems all internet traffic to be interstate and foreign transmission whether or not information crosses state lines
- Leaves 1084(b) untouched
- Excludes fantasy sports from the Federal Wire Act prohibitions
- No exclusion for state regulated gambling

Federal Wire Act: Flowchart if RAWA is Enacted

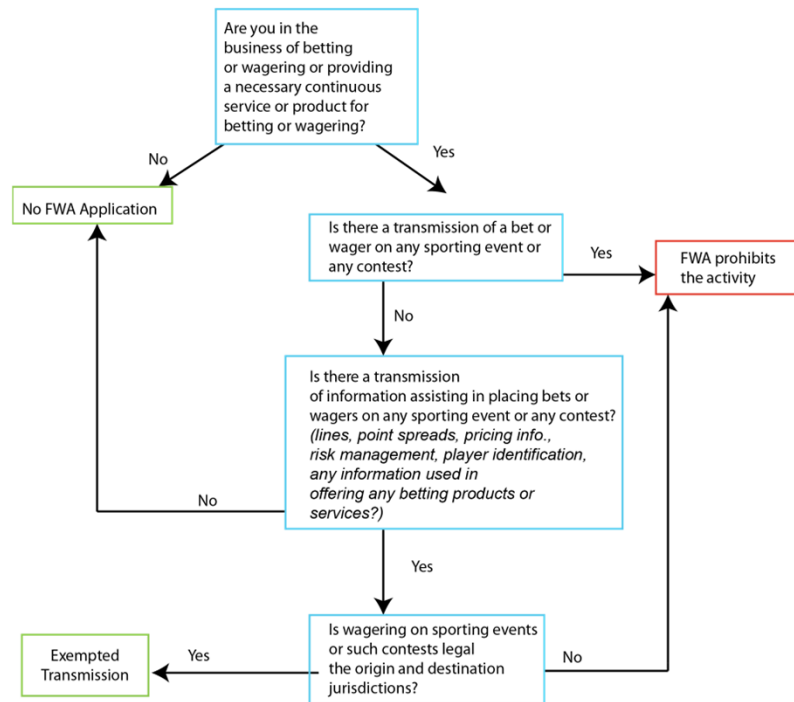

Federal Wire Act

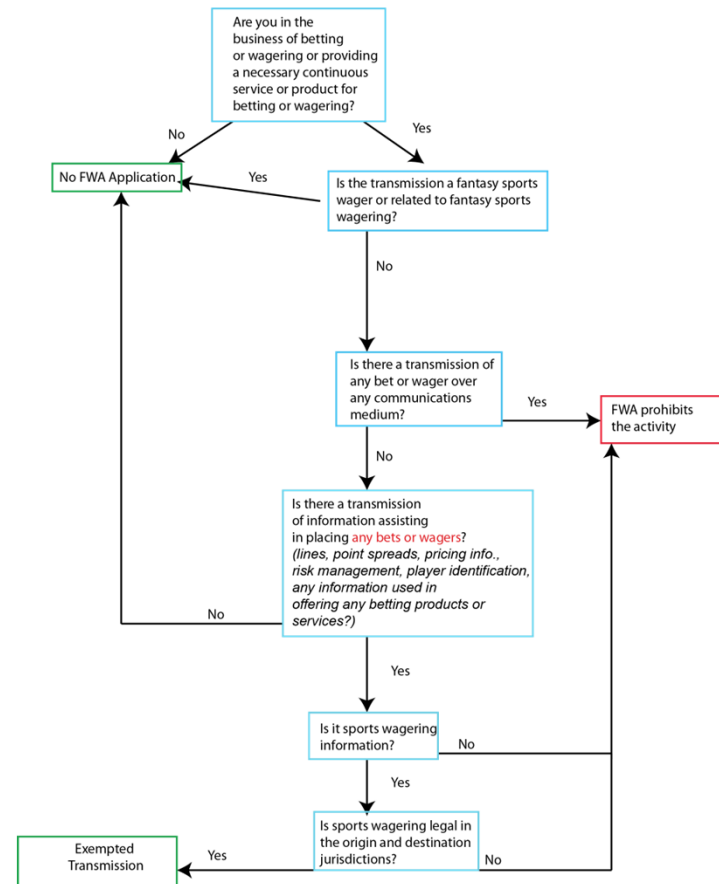

- Restoration of America's Wire Act
 - RAWA seeks to “restore” the federal wire act to pre-2011 interpretation and enhance illegal online gaming enforcement by doing the following:
 - Removing references to “sporting event or contest” in the prohibitions section.
 - Defining an interstate transmission to include any use of the internet where packets could incidentally cross state lines.
 - Excluding unlicensed fantasy sports wagering from the Federal Wire Act's prohibitions.
